

# Certificate of Analysis (COA)

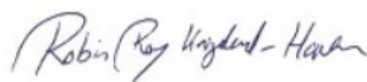

Analysis Report No. 260410\_A01

|                         |                                                                       |
|-------------------------|-----------------------------------------------------------------------|
| <b>Date of analyses</b> | 08.04.2026                                                            |
| <b>Product name</b>     | Pet Routine for Cats                                                  |
| <b>Sample ID</b>        | 260408.07                                                             |
| <b>Testing method</b>   | Gas Chromatography with flame ionization detection (FID)              |
| <b>Sampling method</b>  | ca. 250-350 mg sample in 5-15 ml acetone (p.a) stirred for 20 minutes |

Indicated values account for total amount of cannabinoids after complete decarboxylation of the material. "n.d." means non-detectable content.

Regulated cannabinoid (legal limit < 1 wt.% according to ordinance 812.121.11 of Swiss Federal Department of Home Affairs).
